From Adrian - Winter Competitions.

This year we plan to run **Winter Stablefords** (18 holes, but off winter tees) in December and January as well as February and March - these will not be qualifying comps for handicap, but normal entry fees and 2s club will apply.

We also have a **Winter Foursomes** knockout which will close for entries on Sunday 1st November - please scroll down to the bottom of the booking sheet to enter your team for this one (or phone Ian who will book you in).

The **Yuletide Cup** will run from the end of November through to early January - the closing date may be extended if the course is unavailable for long periods through December. This is an eclectic format, so the idea is to post your best score for each hole, playing as many rounds as you can - post the cards as you go and keep an eye on the website for everyone's progress. The snag is that the more rounds you play, the more your handicap allowance is cut back, starting at 5/6 for the first two and reducing to half-handicap if you play more than 6. No need to sign in this year so just pick up a card and go!

9-hole Open Stablefords will be run on Saturday mornings if the conditions look acceptable - watch the calendar for these as they are scheduled.

Feedback. Please let me know of any suggestions etc.

Regards

Ian
